11. [REDACTED] LEGISLATION Left with Frank Slatinshek, Chief Counsel, House Armed Services Committee; Ralph Preston, House Appropriations Defense Subcommittee staff; Clark McFadden, Counsel, Senate Armed Services Committee; Guy McConnell, Senate Appropriations Committee staff, copies of the Agency's proposed legislation to amend CIARDS. I informed them that OMB had cleared it and it would be submitted to Congress tomorrow.

12. [REDACTED] LIAISON Received a call from Joan Maloney, of the International Division of GAO, who inquired last week about access to CIA's AEGIS program for the study she is conducting on U.S. military posture in the Far East. I told her I had passed along her request, and I expected the officials involved to be in touch with her shortly, but that I would let them know that she had called again.

14. [REDACTED] ADMINISTRATIVE Received a call from Lewis Hunter, GAO, who said that they were continuing their survey of field installations but found that they could not approach the situation by visiting the various installations. Instead, Mr. Hunter said they were now going back to the various headquarters and asking for their policy of staffing of the field installations. Mr. Hunter said he was not interested in the number of people at certain installations or the location of the offices. All he was interested in was how the Agency went about determining the number of people needed at each site. I told Mr. Hunter that I would have to get back to him on this.

I left with McConnell copies of the letters from GAO and the CSC regarding the request that the Director report his financial holdings to GAO. I said the Director is quite willing to do this but in my own mind, I saw no reason why this type of information should be made available to GAO when it was being provided to the CSC under appropriate provision of law. It appears clear to me the only legal requirement in this area relates to the CSC. McConnell said he would take this up with Jim Calloway, Counsel of the Committee staff. 25X1

The diagram consists of a horizontal line at the top. Below it, there are three rectangles. The top rectangle is centered under the line. The middle rectangle is shifted to the left, with its right edge aligned with the left edge of the bottom rectangle. The bottom rectangle is centered under the middle rectangle.

1. [REDACTED] LIAISON Called Bill Hogan, Counsel,  
House Armed Services Committee, who said he would check to see  
if there was any problem in providing us a copy of the GAO report that  
he had received on the liquidation of Air America assets.
